Pressures to reduce costs and improve spending are fueling a strategic buying revolution among credit unions. *LEVERAGE* is redefining the traditional purchasing process with new strategies designed to leverage credit union buying power through an innovative ePurchasing platform, powered by Ventelligence. Whether you have one person or several staff members administering multiple contracts, it's important to have consistent policies in place to manage the purchasing and monitoring activities involved. From the savviest buyer to the novice, the Ventelligence ePurchasing platform is suited for credit unions of all sizes.

Program Benefits

- No Software Integration or Installation Required
- *LEVERAGE* Staff Manages the Complete Process
 - Perform Current Cost Analysis
 - Help Define Individual Purchase Specifications
 - Create & Manage RFP Process
 - Coordinate, Monitor, & Review Bidding Activities
 - Collect NCUA-Required Due Diligence
 - Manage Vendors
 - Provide Ongoing Support
- Credit Union Remains in Complete Control of All Buying Decisions
- Encourages Vendors to Aggressively Bid Against Their Competitors
- Average Immediate Savings of More Than 20% in the First Year

The ePurchasing platform is conducted in either a single or collaborative environment and requires no long-term contract commitment to participate in an event, purchasing details do not need to be identical to those of other participants, and each participating credit union remains in charge of making decisions on their business throughout every step of the process.
