## Website Compliance Review Services

### About Our Website Compliance Review Services.

Compliance. It's just a word...but it brings to mind a host of responsibilities for your credit union. For years your credit union has had to comply with many regulations in order to operate. Now new regulations have been instituted for credit unions' websites.

You don't need to face website compliance alone. Technology Solutions can help you keep your website compliant with regulatory requirements with our Website Compliance Review Services.

Your website must comply with a variety of rules and regulations from NCUA, and the Federal Reserve Board. Website Compliance Review Services from Technology Solutions can help you ensure that your site is compliant. As part of our service, we'll review your site for compliance with the various consumer protection and credit union laws and regulations, including the following:

- Truth in Lending (Regulation Z)
- Truth in Savings (NCUA Rules & Regulation Part 707)
- Equal Credit Opportunity Act (Regulation B)
- Privacy Policy (NCUA Rules & Regulation Part 716)
- Funds Availability Act (Regulation CC)
- Home Mortgage Disclosure (Regulation C)
- NCUA Insurance Disclosure Requirements
- Consumer Leasing Act (Regulation M)
- Nondeposit Investment Product Requirements
- EFT Act (Regulation E)
- COPPA (Children's Online Privacy Protection Act)
- E-Sign Act

Additionally, we'll provide information regarding NCUA recommendations based on NCUA Letters to Credit Unions, Regulatory Alerts and other guidance.

As another part of our comprehensive service, your credit union will receive an inclusive report of our findings that clearly explains:

- Regulatory requirements that your site has not met
- Recommendations for correcting each case of non-compliance
- Sample terminology and disclosures to make your site compliant
