

More loans, less risk.

LoanPlus CMS Gives You the Power of Yes.

Wouldn't it be nice to say "yes" more often to your members without increasing the risk to your credit union? LoanPlus CMS, a collateral management system from Spireon offered exclusively to credit unions by CU Solutions Group, enables your credit union to approve more loans and decrease loan delinquencies. This easy-to-use system can also help your members stay on track with their payments and improve their credit rating.

LoanPlus CMS is a turnkey solution that combines global positioning system (GPS), Mobile Resource Management (MRM) and Software-as-a-Service (SaaS) technology to help your credit union:

- **Improve Payment Behavior** – Members can be discretely notified when their payments are past due.
- **Attract More Members** – You can offer loans to more members and enhance your dealer relationships.
- **Decrease Loan Delinquencies** – With its payment reminders and real-time tracking, you'll have fewer delinquencies and be able to offer more non-prime financing at competitive rates.
- **Reduce Your Risk** – LoanPlus CMS gives you a locate-on-demand feature that lets you track your assets in real-time so you'll know its location.
- **Significant Member Savings** – Your members will save money compared to other non-prime lenders.
- **Recover Stolen Vehicles** – LoanPlus CMS makes it easy to quickly locate stolen vehicles so you can easily recover your assets with GSP tracking.
- **Maximize Your Resources** – You can integrate LoanPlus CMS with your current portfolio management system and use its customizable reporting to improve efficiencies and productivity.
